| Harry  | Kady      |
| Freya  | Quinn     |
| Malea  | Grace     |
| Ethan  | Jessica D |
| Rylee  | Max       |

It has been a busy month in the 3-5 room for the pre-school children. The children enjoyed a pre-school trip to rainforest adventure, where they all had great fun in the soft play area.

The children are also getting ready for graduation which is taking place on Friday 9th June.

Some of the children in the nursery enjoyed a visit from the animal man where they got to see and touch a variety of different animals which included a rat, snake, tortoise, bearded dragon, duck, chicken, guinea pig and rabbits.

Thanks to everyone that came along to the parent's nights. We hope you enjoyed coming along and thank you for all your feedback and comments.

### Spanish

The 2-3s and 3-5s have been taking part in the Spanish programme with Ruben. They have been learning colours, numbers and objects in Spanish. Ruben has also been introducing them to a couple of different songs. The children's favourite song is Twinkle Twinkle Little Star.

If you are interested in keeping up to date with the Spanish programme, you can follow it on Facebook and Twitter.

### Dates for your Diary

Nursery Closed for all Children  
Monday 17th July 2017

Baby room 1 has been continuing to read the story of The Very Hungry Caterpillar. They have been tasting lots of different fruits from the story.

The baby room have also set up a jungle sensory area. This has made the children develop their interests in jungle animals and have got to explore different animals and sounds.

If the children have any favourite soft toys or books about jungle animals, can they please bring it in to share with their friends.

Baby room 2 have been looking at spring animals which linked in with a visit from the animal man.

They have been reading the story Little Lamb and had Baa Baa Black Sheep as their song of the month. The children have been using different resources to make some sheep.

Also look out for the new sensory area in the baby room which includes lots of natural resources.

The 2-3 room have been making most of the dry weather and have been exploring outdoors. They have been washing the big tractor tyres, balancing on the snake, exploring the mud kitchen and playing on the bikes. A lot of indoor activities have been brought outside too.

The 2-3 room have also been continuing to talk about farm animals and taking part in a variety of different activities.

Look out for the development of the nurture area in the 2-3 room.

The 3-5 room have been have learning about caterpillars and their life cycles. They were looking after 5 caterpillars which have now went into their cocoons.

The 3-5s have also been getting ready for graduation where the pre-schoolers enjoyed a pre-school trip and all the children have been learning new songs.

As some of the children are getting ready to leave to go to school, some school uniforms have been put in the imaginative area for the children to dress up in.

## Purple Bags

Can you make sure that all purple bags have a spare change of clothes in them please.

As we are now moving into summer, it would also be beneficial if all children had a sun hat in their bags for warm days playing outside.

## Sun Cream

If you have still to bring in sun cream for your child, could you give a bottle of sun cream into your child's keyworker as soon as possible please.
